

Markov chain info  
 =====  
 34 states of which 21 ergodic and 13 transient  
 2 ergodic classes  
 1 transient strongly connected components  
 1 weakly connected components  
 Sizes of the ergodic classes are [7, 14]  
 Sizes of the transient strongly connected components are [13]  
 Sizes of the weakly connected components are [34]  
 The Kemeny constant is 36.589  
 The top 5 of Google's PageRank is [33 32 0 5 6]
